JULY 2021 - AUGUST 2021

PROJECTS

SupDB — It is a web-based application that allows the owner to store, edit and delete the items and display their weekly sales in a graphical format.

Source code:

<https://github.com/raghav13901/SupDB/>

Filora — It is a web-based file-sharing app created under MLSA-SRM. It is built over PeerJS.

Source code:

<https://github.com/MLSA-SRM/file-sharing-app>

MLSA Forms — It is a custom form generator brought to you by the MLSA SRM which helps you to create different types of forms in a creative manner and deploy them. You can build forms either by using existing templates or you can create your own.

Source code:

<https://github.com/MLSA-SRM/file-sharing-app>
